Modification Description

Schedule 2 Condition 6(a) of PA 08_0142 limits the transportation of not more than 1,000,000 t of product from Lot 218 in a calendar year. In accordance with EP&A Act Division 4.9 Section 4.55 (1A) Modifications Involving Minimal Environmental Impact, Macka's Sand requests the modification of Schedule 2 Condition 6 (a) to allow the transportation of an additional 10% of product from the Lot 218 being an additional 100,000 t, increasing the total tonnage to 1,100,000 t in the calendar year 2020.

How is the modification substantially the same as the original development?

The proposed modification represents an increase of 5% of total approved tonnes under PA 08_0142. The proposed modification will not result in changes to the Lot 218 operating hours, the sand extraction rate, the sand screening processing rate, or the product sand transportation daily rate. The proposed modification will not require increased road transport truck hourly rates leaving the site above the approved hourly trucking rates.
