K.L.A.L.C Site Officer: Bob Sampson

Results of the survey 22 October 2003:

On 22 October 2003, Bob Sampson, Site Officer, Koompahtoo Local Aboriginal Land Council, undertook an investigation of the above named area.

The survey area consisted of areas containing Eucalyptus Haemastoma and Angophora Costata trees. Some of these trees have been burnt with fire, however, no significant Aboriginal artefacts were found.

**Recommendations:**

Koompahtoo Local Aboriginal Land Council has no objection to the proposed development. If further information is required regarding the Aboriginal Heritage of this site, further information can be obtained from K.L.A.L.C site inspector Bob Sampson.
