Dear Ms Symington

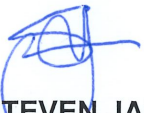

Comment on Modification to Major Project Application MP 08_0079

I refer to the modification application received from KDC Pty Ltd on behalf of Teralba Recycling Facility Pty Ltd for the proposed waste facility at The Weir Road in Teralba.

As the application does not request modification to the footprint, scale of operation, waste types or activities at the proposed facility, the EPA does not have any comment. If the applicant proposes any modification that may impact the environmental performance or approved activities at the proposed facility, the EPA may wish to provide comments or make a submission.

If you have any queries relating to this matter, please contact Grace Bell on (02) 4908 6845.

Yours faithfully

 30/8/2019
STEVEN JAMES
Unit Head Waste Compliance
