Hi Michele,

Roads and Maritime has reviewed the above subject development proposal referred by the Department dated 1 November 2016 and raises no objection to the Section 75W modifications as stated on the attached letter dated 28 October 2016 and page ii of the Environmental Assessment Report.

In addition to the above, Roads and Maritime provides the following comments to be considered in the determination of the application:

1. A Framework Construction Traffic Management Plan will need to be reviewed by Roads and Maritime and the Sydney Co-Ordination Office to assess the impact of the proposed constructions works in light of other activities within the Sydney CBD.
