Hi Nancy,

Roads and Maritime received the "Response to Submissions" for the modification for Star City Casino & Switching Station and notes that the requested Framework Construction Pedestrian Management Plan (FCPTMP) has been included and will be reviewed accordingly.

Furthermore, Roads and Maritime provides the following comment for the Department's inclusion in the determination of the application:

- A Construction Traffic Management detailing construction vehicle routes, number of trucks, hours of operation, access arrangements and traffic control should be submitted to Council and TfNSW Sydney Coordination Office prior to the issue of a Construction Certificate.

If you have any further inquiries, please don't hesitate to contact me.
