Dear Matthew,

Re: Project Approval 08_0101 Schedule 2 Condition 9 – Surrender of Consents and Approvals

Integra Underground is required to surrender Development Consent 105/90 and Project Approvals 06_0057 and 06_0213 in accordance with Condition 9 of Schedule 2 of Project Approval 08_0101.

Surrender of Consents and Approvals

9. By the end of June 2017, or as otherwise agreed by the Secretary, the Proponent shall surrender all existing development consents and project approval for the site (other than this approval and the development consent for the Glennies Creek to Ashton Water Pipeline granted by Council on 13 February 2004) in accordance with Sections 75YA and 104A of the EP&A Act.

An extension for the surrender was granted until 30 March 2020.

To date, Integra Underground has completed:

- Compliance report to fulfil the requirements of Clause 97 (3)(e)(i) of the Environment Planning and Assessment Regulation 2000 relating to surrender of Development Consent 105_90;
- Provision of letters to all relevant land owners requesting consent to surrender the approvals and consents, and associated consultation.

Integra Underground has been unable to obtain consent from all land owners. During consultation, some land owners have expressed that they will not give consent. Subsequently, Integra Underground has identified that the requirements of Condition 9 of Schedule 2 of Project Approval 08_0101 will not be completed prior to 30 March 2020.

Integra Underground seeks agreement from the Secretary for an extension to 30 March 2022 for Condition 9 of Schedule 2 of Project Approval 08_0101. Please contact me via Chloe.Piggford@glencore.com.au or 0427 928 906 should you have any questions in relation to this matter.

Yours sincerely

Chloe Piggford
