Dear Mr Robinson

**Orica Ammonium Nitrate Expansion Project
Endorsement of experts for preparation of the AQMP (MP08_0129-PA-11)**

I refer to your letter dated 13 October 2021 regarding the Orica Ammonium Nitrate Expansion Project (08_0129). I understand you are seeking the Planning Secretary's endorsement of an internal team to prepare the project's Air Quality Management Plan (AQMP), pursuant to condition 27A of the project approval.

The Department has reviewed the CVs provided with your letter and is satisfied that the internal team has suitable qualifications and experience to prepare the first iteration of the AQMP, in accordance with condition 27A. I therefore endorse the following individuals to prepare the AQMP on behalf of Orica Australia Pty Ltd (the Applicant):

- Nathan Robinson – Senior Environmental Specialist
- Jarrad Bird – Senior Engineer Technical – Nitrates
- Ajay Joshi - Senior Engineer Technical – Ammonia
- Andre Hoffman - Senior Manager - Maintenance Engineering.

In the event that the AQMP is updated in the future (i.e. following installation of the prill tower scrubber), the Applicant will need to seek further endorsement from the Planning Secretary for the technical expert/s involved in updating the management plan.

Should you have any further enquiries, please contact Patrick Copas, Planning and Assessment, at the Department on (02) 9274 6273 or via email at patrick.copas@planning.nsw.gov.au.

Yours sincerely
