**Subject: Orica Ammonium Nitrate Facility Upgrade– Air Quality Verification Study for Prill Tower
(MP08_0129-PA-59)**

Dear Mr Robinson

I refer to the Air Quality Verification Study for Prill Tower dated 25 August 2025, seeking approval of the Orica Ammonium Nitrate Facility Upgrade (MP08_0129-PA-59) as required by condition 23 of Schedule 3 of the development consent.

The Department of Planning, Housing and Infrastructure (Department) has reviewed the Air Quality Verification Study and concludes the study addresses the relevant conditions. As such, I approve the Air Quality Verification Study, prepared by AECOM, dated 25 August 2025.

You are reminded that if there are any inconsistencies between the approved plans and the conditions of consent, the conditions prevail.

Please ensure you make the approved documents publicly available on the project website at the earliest convenience.

Should you have any further enquiries, please contact Yeyoung Jeong, Industry Assessments, at the Department on (02) 8275 1439 or via yeyoung.jeong@dpi.nsw.gov.au.

Yours sincerely

Catriona Shirley
