Record of Minister's opinion for the purposes of Clause 6(1) of State Environmental Planning Policy (Major Projects) 2005

I, the Director-General of the Department of Planning, as delegate of the Minister for Planning under delegation executed on 31 October 2005, have formed the opinion that the development described in the Schedule below, is development of a kind that is described in Schedule 1 of the *State Environmental Planning Policy (Major Projects) 2005*, namely Group 3, Clause 10 (2)(a) being development for the purpose of bulk liquid storage facilities that has a capital investment value of more than \$20 million. The project is thus declared to be a project to which Part 3A of the *Environmental Planning and Assessment Act 1979* applies for the purpose of section 75B of that Act.

Schedule

Construction and operation of a bulk fuel storage facility on the former BHP Steelworks site in Mayfield, in the Port of Newcastle. The facility would store and distribute unleaded petrol, diesel, fuel oil, ethanol and biodiesel to a maximum volume of 500 megalitres per year. The project is as generally described in an Environmental Scoping Report prepared by ENSR Australia dated 2 May 2008.
