Dear Sir,

RE; HANSON- BASS POINT QUARRY DEVELOPMENT APPLICATION

I support Hanson's application for the Bass Point Quarry, Shellharbour.

The Quarry extension will:

- Secure the supply of much needed construction aggregates for Illawarra and Sydney.
- Secure ongoing subcontractor work associated with the quarry. We have provided services to the quarry for over 30years on an almost daily basis.
- Not significantly change the nature of the quarry's current operations
- Minimize environmental impacts as it is within the quarry's freehold land.

I urge you to approve the quarry to secure the supply of much needed construction aggregates for the Illawarra and Sydney area, and the economic benefits to other businesses of which we are on in the area. The flow on effect from employment remaining in the area and the consumer spending this will allow.

I also declare that I have not made any political donations in the past two (2) years nor am I an associate of the applicant.

Yours Faithfully
