Dear Howard

Re: Bass Point Quarry – Response to Council Feedback on RTS

Thank you for providing the feedback from Shellharbour City Council (Council) following its review of the *Response to Submissions* document prepared by R.W. Corkery & Co for the Modification 2 application for the Bass Point Quarry (PA 08_0143).

Hanson Construction Materials Pty Ltd (Hanson) agrees to Council's requests with regards the speed limit on Bass Point Quarry Road and that the changes to operating hours apply to weekdays only.

Hanson also agrees to undertake a visual inspection of the noise barriers on Bass Point Quarry Road at an agreed number of points in conjunction with Council. A report will be prepared on the outcomes of the inspection with regards the function of the existing noise barriers.

Please contact myself or Andrew Driver at Hanson with any questions.

Yours sincerely

Nick Warren
Senior Environmental Consultant
