**Re: Bass Point Quarry Extension of Time to submit updated management plans (MP08\_0143-PA-19)**

**Bass Point Quarry (MP 08\_0143)**

Dear Mr Hodgkins,

Hanson gratefully acknowledge the Department's decision on 11 March 2021 to grant Hanson an extension of time until 31 March 2021 to complete outstanding management plan revisions (MP08\_0143-PA-19).

Hanson have lodged the revised Cultural Heritage Management Plan for DPIE assessment.

However, other management plans are still at varying stages of completion and Hanson would therefore request a further extension of time until **30 May 2021**.

A status update for other management plans has been provided below for the Department's reference:

- Air Quality Management Plan – undergoing draft revision by Hanson
- Noise and Blast Management Plan – undergoing draft revision by Hanson
- Transport Management Plan – undergoing draft revision by Hanson
- Environmental Management Strategy – undergoing draft revision by Hanson
- Surface Water Management Plan – undergoing draft revision by Hanson
- Groundwater Management Plan – consultation via Major Projects Planning Portal ongoing. Pending (overdue) responses from government agencies
- Killalea Lagoon Management Plan – consultation via Major Projects Planning Portal ongoing. Pending (overdue) response from government agency
- Landscape Management Plan – Hanson formulating response to government agency comments

The outstanding management plans will be finalised for assessment by DPIE as soon as practicable.

Please do not hesitate to contact me if you have any questions about the above.

Kind Regards,

**HANSON CONSTRUCTION MATERIALS PTY LTD**

**CHELSEA FLOOD**
