Subject: Narrabri Coal Stage 2 (08_0144) – Shuttle Bus Traffic Control Protocol

Dear Mr Rily

I refer to the revised Shuttle Bus Traffic Control Protocol, which was submitted in accordance with Condition 25C of Schedule 4 of the approval for the Narrabri Coal Project – Stage 2 (08_0144).

I note that the protocol has been updated to address comments provided in the Independent Environment Audit 2022 (IEA 202) in relation to maintaining a record of the verification process used between bus drivers and the Narrabri Coal Handling Preparation Plant control room.

The Department has carefully reviewed the revised protocol and is satisfied that it addresses the comments from the IEA 2022 and is consistent with the relevant conditions of consent.

Accordingly, the Secretary has approved the Shuttle Bus Traffic Control Protocol dated 28 February 2023. Please ensure that the approved protocol is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Philip Nevill on (02) 82751036.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments
As nominee of the Planning Secretary
