Subject: Appin Mine Coal Wash Emplacement Management Plan and Broad-headed Snake and Southern Brown Bandicoot Management Strategy

Dear Chris

I refer to the Appin Mine Coal Wash Emplacement Management Plan (MP08_0150-PA-43) and management strategy for the Broad-headed Snake and Southern Brown Bandicoot (MP08_0150-PA-103), submitted in accordance with Condition 17, Schedule 4 of the consent for the Bulli Seam Operations Project (MP08_0150).

The Department has carefully reviewed the documents and is satisfied that they meet the requirements of the conditions of consent.

Accordingly, the Department approves the Appin Mine Coal Wash Emplacement Area Management Plan (Version 7, July 2024) and the Broad Headed Snake and Southern Brown Bandicoot management strategy (Version 2, July 2024). Please ensure you make the documents publicly available on the project website at the earliest convenience.

Please note that if the above approved management plan or strategy are altered after consultation and approval with Commonwealth Department of Climate Change, Environment, Energy and Water, the documents will be required to be resubmitted to the Department to review and approve.

You are reminded that if there are any inconsistencies between the plan or strategy and the conditions of consent, the conditions prevail.

If you wish to discuss the matter further, please contact Emily Pemberton on 02 8275 1783

Yours sincerely

Jessie Evans
