Bulli Seam Operations: Construction Environmental Management Plan (CEMP)

Dear Mr. McVeigh

Thank you for submitting the CEMP in accordance with Condition 11, Schedule 4A of the consent for the Bulli Seam Operations project (MP08_0150). I also acknowledge your response to the Department's review comments and request for additional information.

I note the CEMP:

- has been prepared in consultation with Wollondilly Shire Council and the EPA; and
- contains the information required by the conditions of approval.

The Department notes that while a copy of the CEMP was provided to TfNSW via the Major Projects portal, you are yet to receive feedback.

Accordingly, the Secretary has conditionally approved the CEMP (Revision C, dated January 2023). Within six weeks of receiving feedback from TfNSW, the Department requires you to review and (if necessary) revise the CEMP to reflect that feedback, and resubmit to the Department for review and approval via the Major Projects portal.

You are reminded that if there are any inconsistencies between the Plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Charissa Pillay on 02 99955944.

Yours sincerely

A handwritten signature in black ink that reads "Jessie Evans".
