Dear Mr Tanswell

**EPBC 2009/5252: Ulan Coal Continued Operations Project, Ulan, NSW –
Approval of the Alternate Offset Site**

Thank you for your email dated 29 January 2021 to the Department of the Agriculture, Water and the Environment, seeking approval of the Alternate Offset Site, in accordance with condition 4 of the above project under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

Officers of the department have advised me on the Alternate Offset Site and the requirements of the conditions of the approval for this project. On this basis, and as a delegate of the Minister for the Environment, I have decided to approve the Alternate Offset Site. This site must now be legally secured and implemented within a revised Offset Management Plan.

As you are aware, the department has an active monitoring program which includes monitoring inspections, desk top document reviews and audits. Please ensure that you maintain accurate records of all activities associated with, or relevant to, the conditions of approval so that they can be made available to the department on request.

Should you require any further information please contact Jess Thomson on (02) 6274 2865 or postapproval@environment.gov.au.

Yours sincerely
