Dear Ms Stewart

**Ulan Coal Expansion Project (08_0184)
Extension Request**

I refer to your letter dated 8 April 2022 seeking an extension of time to review strategies, plans and programs (management plans) under the above development consent.

The requirement to review management plans has been instigated in March 2022 following the determination of Modification 7 and the submission of the Annual Review. Additionally, an Independent Environmental Audit is scheduled to commence in April 2022, which will instigate a further review of management plans.

The Department considers it reasonable to undertake a consolidated review of the management plans following the above events. Accordingly, the Secretary has granted an extension of time to review and resubmit the management plans until 1 December 2022.

If you wish to discuss the matter further, please contact Gen Lucas on 9274 6489.

Yours sincerely

Stephen O'Donoghue
Director
