Subject: Erosion and Sediment Control Plan - Ulan Coal Expansion (08_0184)

Dear Mr Tanswell

I refer to the Erosion and Sediment Control Plan submitted in relation to the above project.

I understand that this plan has been updated to include minor and administrative updates. I also note that this plan was submitted separately to the other components of the Water Management Plan.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of condition 37 of Schedule 3 of the project approval.

Accordingly, as nominee of the Planning Secretary, I approve the Erosion and Sediment Control Plan (version 12, dated November 2022).

You are reminded that if there are any inconsistencies between the plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Gen Lucas on (02) 9274 6489 or gen.lucas@planning.nsw.gov.au.

Yours sincerely
