Dear Mr Allan

**Ulan Continued Operations Project (08_0184)
Ulan West Longwall 8 Infrastructure First Workings Request**

I refer to the Ulan West Longwall 8 Infrastructure First Workings Request document (1 July 2020) which was submitted to request amendments to the approved first workings in accordance with Condition 25 of Schedule 3 of the approval for the Ulan Continued Operations Project (08_0184).

The Department has carefully reviewed the document and is satisfied that the proposed amendments to the approved first workings:

- are minor and primarily related to achieving compliance with the *Work Health and Safety (Mine and Petroleum) Regulation 2014*
- do not have potential to cause surface subsidence effects of practical significance or result in subsidence related impacts to surface features
- would have no impact to ecological, Aboriginal heritage or non-Aboriginal heritage values in the locality or within the Brokenback Conservation Area

Accordingly, the Planning Secretary has approved the amendments to the first workings.

If you wish to discuss the matter further, please contact Jack Turner on 9995 5387.

Yours sincerely
