Dear Sir,

Proponent...Aqualand
Application Number MP 08_0244 MOD 2

With reference to the proposed Development of 23-27 Lindfield Ave & 9-11 Havilah Lane Lindfield 2070 :- We feel Lindfield is a Village atmosphere , this development would over shadow the whole area....Lindfield cannot cope with the traffic now. 122 more apartments would bring 122-244 plus cars to Lindfield Avenue and the Havilah road under Bridge to the Pacific Highway, the only way to go north on the Highway

Havilah Lane will also have to take a lot more traffic that will cause dangerous congestion with all the railway commuter cars parked outside out apartment.....2b Havilah Road Lindfield.

We have not made any reportable donations to any Political Party.

Yours sincerely,
