Anthony Andjic
Manager Development
Capital Works & Infrastructure
Taronga Conservation Society Australia
PO Box 20
MOSMAN NSW 2088

Dear Mr Andjic,

Director General's Requirements for the Upgrade and Refurbishment of the Existing Chimpanzee Enclosure, Taronga Zoo (MP 08_0251).

Thankyou for your request for Director-General's environmental assessment requirements (DGRs) for the above project.

The DGRs were prepared from the information provided within your application and in consultation with relevant Government agencies, including Council (attached).

Under section 75F(3) of the Act, the Director-General may alter or supplement these requirements if necessary and in light of any additional information that may be provided prior to the proponent seeking approval for the project.

Prior to exhibiting the Environmental Assessment, the Department will review the document to determine if it adequately addresses the DGR's. If the Director-General considers that the Environmental Assessment does not adequately address the DGR's, the Director-General may require the proponent to revise the Environmental Assessment to address the matters notified to the proponent.

Following this review period the Environmental Assessment will be made publicly available for a minimum period of 30 days. Please contact the Department at least two weeks before you propose to submit the Environmental Assessment to determine the fees applicable to the application.

Please also find attached with this letter, copies of submissions from other agencies addressing their key issues for the proposal. Please note that these responses have been provided to you for information only and do not form part of the DGRs for the Environmental Assessment.

If you have any enquiries about these requirements, please contact Mr Andrew Beattie on 02 9228 6384 or via e-mail at andrew.beattie@planning.nsw.gov.au.

Yours sincerely

Jason Perica
Executive Director
(as delegate for the Director General)
