26/11/2021

Dear Ms Richardson

**Flyers Creek Wind (MP08_0252)
Transport Route Consultation**

I refer to the memorandum titled *Re: Flyers Creek Wind Farm (MP 08_0252) - Condition F15: Designated Heavy and Over-Dimensional Vehicle Routes*, dated 9 November 2021, which was submitted in accordance with Condition F15 of the approval for Flyers Creek Wind (MP08_0252).

The Department has carefully reviewed the document and is satisfied that it identifies the proposed heavy and over-dimensional vehicle access to and from the site and documents how you have agreed on these routes with the relevant road authorities in writing.

If you wish to discuss the matter further, please contact Dominic Crinnion on (02) 9274 6495 or Dominic.Crinnion@planning.nsw.gov.au.

Yours sincerely

Nicole Brewer
Director
Energy Assessments
