Boris,
 Please find attached updated TCOC, issue 2 dated 27 May 2013. The attached has been updated in line with the requirements of your email below. Reference to RTA changed to RMS and detailed Bus times altered in Appendix A.

Thank you for your assistance is finalising the attached and we look forward to receiving DoP approval of the Transport Code of Conduct.

Regards,
 Wayne Harris

Does this email need to be registered in TRIM?

Hello Wayne,

I refer to the revised Transport Code of Conduct (TCOC) for orange waste project. Please note that the revised TCOC was referred to Cabonne City Council, Cabonne Bus Lines and RMS for comment. As such, could you review the comments provided by RMS and Cabonne Bus Lines (attached) and revise the TCOC accordingly.

If you have any questions please don't hesitate to contact me.

The information provided in Appendix A reflects my understanding of how waste management traffic was to be managed during school bus times, which is fine. However my only concerns are the waste transport exclusion times do not include all school bus travel times along the Molong Euchareena Road.

The bus actually departs Molong at 7.00 am every school morning and travels to Euchareena along the Molong Euchareena Road, before turning around at Euchareena and travelling back to Molong via the Mitchell Highway. Once in Molong the bus then does another loop out the Euchareena Road (times for which are listed in appendix A), then turns right onto Back Saleyards Road and then back into Molong. The PM

journey basically does this trip in reverse, travelling out the Euchareena Road first, turning right onto Back Saleyards Road (times for which are also listed in appendix A), before travelling back through Molong and then along the Mitchell Highway to Euchareena, turning around in Euchareena before travelling back to Molong via the Molong Euchareena Road.

Summarising the bus travel times along all or part of the section of the Euchareena Road between Molong and the Waste Management Facility:

AM: 7.00 am to 7.15 am

8.28 am to 8.37 am

PM 3.28 pm to 3.40 pm

4.40 pm to 5.00 pm
