SYDNEY NSW 2001

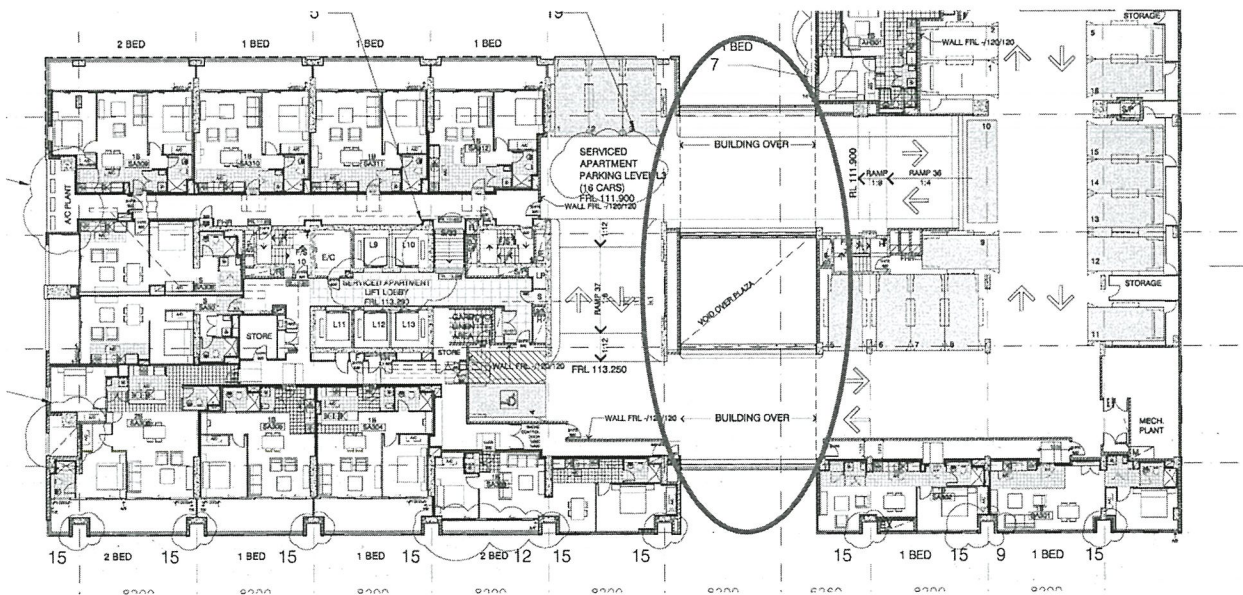

Dear Mr Brown,

**RE: MP09\_0066, MOD 14 APPLICATION**

We refer to the subject application and your request for explanation as to why it is proposed to construct roofs over the bridges connecting the two buildings on the site.

The proposed roofs are intended to provide weather protection to guests of our serviced apartments on the site. Guests will sometimes be required to walk over the bridges to access their parking space. During inclement weather events, the proposed covered bridges will provide protection to our guests.

The diagram below shows circled the location of the bridges on the site that are proposed to be covered.

Should you require anything further in this regard, please contact the undersigned.

Yours sincerely,  
**KARIMBLA CONSTRUCTIONS SERVICES (NSW) PTY LIMITED**
