

Mr David Horne
Senior Supervisor
Orica Limited
Level 3, 1 Nicholson Drive
EAST MELBOURNE VIC 3002

27/07/2020

Dear Mr Horne,

**Ammonium Nitrate Emulsion Plant (09_0090)
Updated Road Transport Protocol**

I refer to Orica's correspondence regarding the Richmond Vale Ammonium Nitrate Emulsion Plant (09_0090). I understand you are seeking the Planning Secretary's acceptance of an updated Road Transport Protocol pursuant to Condition 10 of Schedule 3 of the project approval and in response to the recommendations of the Independent Environmental Audit.

The Department has reviewed the updated Road Transport Protocol and is satisfied that it has been updated to reflect the current conditions of approval, the Environment Protection Licence and other legislation.

Accordingly, I approve the protocol titled *Heavy Vehicle Road Transport Protocol (Revision E)* prepared by Umwelt (Australia) Pty Ltd and dated June 2020. Please ensure that the approved protocol is placed on the project website at the earliest convenience.

For any future update to the Road Transport Protocol, please ensure it has been prepared in consultation with Transport for NSW prior to submitting the plan for the approval of the Planning Secretary.

If you wish to discuss the matter further, please contact Patrick Copas on (02) 9274 6273.

Yours sincerely

A handwritten signature in black ink, appearing to read 'C. Ritchie'.

Chris Ritchie
Director
Industry Assessments

As nominee of the Planning Secretary
