Dear Chris

**Macdonaldtown former gas works
NSW DECCW site auditor**

I understand that a number of stakeholders have requested information from RailCorp that it has appointed a NSW DECCW auditor for the Environmental Assessment for the proposed remedial works at Macdonaldtown. This letter confirms that I have been engaged by RailCorp to conduct a site audit of the aforementioned site. At the completion of the audit, I will be issuing a site audit statement declaring that the site is suitable for commercial land use.

If you have any questions or need any further information please contact me on the telephone number below or email andrew.kohlrusch@ghd.com.

Yours faithfully
GHD Pty Ltd

Andrew Kohlrusch
