Dear Ms Butcher

**Re: Bayside Council Response to Modification Eastlakes Shopping Centre (MP 09\_0146 MOD 2)**

Thank you for the provision of the applicant's response to Council's comments on 10 October 2017 on the "Modification to Condition B29(e) to allow larger construction vehicles up to 19 m in length to be used during construction".

Council has reviewed the updated swept path analysis provided by the applicant and as long as these swept paths diagrams have been developed in accordance with the Australian Standards, Council has no further comments to make in this matter.

In relation to whether existing road pavement have the adequacy to cater for the largest proposed vehicles Bayside Council, however, requests the submission of a dilapidation report for all traffic facilities along Racecourse Drive and Evans Drive, Eastlakes.

If you have any questions in relation to this please do not hesitate to contact Alexandra Vandine, Senior Project Officer Environment and Open Space on 9562 1835.

Yours sincerely

Clare Harley  
Manager Strategic Planning
