INCIDENTAL CONVERSATIONS	DATE	Contact details	COMMENT	
Narromine LALC	24.06.09	Paul Brydon Ph; 0417 697 293	CB	spoke with Mr Brydon and confirmed the meeting date, Wednesday 1st July at 8.45am at Tomingley pub. Paul advised he will be there on the day for the field work
Peak Hill LALC	24.06.09	6869-1726 Steven PHLALC	CB	8.46 am - left message for Cherie to phone, advised she will be in office after 9.30am and I suggested I would call back. Spoke to Cherie later in the morning and confirmed that she had received the letter, she has been out of the office last week and had not actually read it. I advised the date & meeting time and she hope to have Ken Robinson as a rep for the PHLALC.
Mooka TOC	13.07.09	Neville Williams	CB	Neville phoned to advise that he was unable to attend the MLA survey work which is scheduled for 3rd-7th August, he has other commitments in Sydney @ that time. He requested that he be kept up to date in relation to the project and that draft reports be sent to his Cowra PO Box.
Wiradjuri Council of Elders	13.07.09	Rob Clegg	JB	At an unrelated meeting Rob Clegg had opportunity to advise Jodie he would be participating in the MLA survey, he asked permission from Valda Keed (PHLALC chairperson). Rob acknowledged that he accepted the terms & conditions as notified in the Stage 2 methodology letter
Wiradjuri Council of Elders	20.07.09	Rob Clegg	CB	Rob phoned the office to confirm that he would be participating as a WCE representative in the forthcoming fieldwork for the MLA

Little Burning Mountain Aboriginal Corporation	20.07.09	Trevor Robinson ph: 6851 4429	CB / PJC	Trevor phoned on behalf of Little Burning Mountain advising they would like to participate in the FW on 30th July and again the next week after that. He spoke with PJC concerning the W/Comp certificate and advised he would check the dates it covered and the actual form of cover that it offered. Trevor also questioned who the consultant was (RW Corkery) and was given their number and contact name. He indicated he actually wanted to speak to Mike Sutherland (Alkane) as he was aware they were the developers of the project. Trevor was given the Alkane Dubbo office number as per white pages.
Peak Hill LALC	21.07.09	Cherie Keed ph: 6869-1726	CB	Cherie phoned Jodie (unavailable) and then the office. CB returned call and Cherie expressed her concern that the project was becoming very political and that they were having difficulty with the other organisation (Little Burning Mountain) At this stage she is still organising the w/comp however is now reluctant to provide representatives as it is becoming difficult. Cherie requested that Jodie perhaps phone Valda when she returns to office on Monday. If Cherie is unable to organise a sites officer for Thursday (hopefully Tom Peckham) she will try to organise two sites officers from PHLALC for the MLA survey the following week. Cherie is hoping that the situation 'cools off' as she expressed she doesn't wish to have to deal with the issues/harassment.
Peak Hill LALC	28.07.09	Steven ph: 6869-1726	CB	phoned to speak to Cherie to advise that the FW this Thursday has been postponed, after trying her mobile numbers to no avail left a message with Steven to let Cherie know, very important. Will phone back tomorrow when she is back in the office.

Wiradjuri Council of Elders	28.07.09	Rob Clegg Mobile: 0450 530 920	CB	phoned Rob to advise there is potential that the FW next week may be postponed, let him know that I would call him towards the end of the week and confirm the start date. 31.07.09 called Rob to advise that the start date for the FW has been pushed back to Wednesday. He was okay with that and will meet @ the pub 8.30am
Little Burning Mountain Aboriginal Corporation	31.07.09	Trevor Robinson ph: 6851 4429	CB	phoned Trevor to confirm if the sites officers were organised and to request a copy of LBM's Certificate of Currency. Apparently their w/comp expires Monday 3/8 however Trevor indicated he would send a receipt that recognised payment and I also advised that he send the Certificate of Currency for the previous year as it is valid for a slight period after expiry and this would be evidence that they actually held a policy. Trevor advised he would be organising sites officers over the weekend and if they could arrange for 6? then he would contact Rob Clegg and advise him it was unnecessary for him to participate.
Peak Hill LALC	03.08.09	Cherie Keed ph: 6869-1726	CB	Cherie phoned to advise that unfortunately PHLALC are unable to provide any sites officers for the survey. She has been unable to reach Tom Peckham, Sharni Hando will not be able to participate due to other work commitments and Ken Robinson had informed Cherie he would be participating on behalf of Little Burning Mountain. OzArk did however receive a copy of PHLALC Workers Compensation Certificate of Currency which expires March 2010.

Little Burning Mountain Aboriginal Corporation	03.08.09	Trevor Robinson ph: 0439 061 293	CB	phoned Trevor who advised he was in the process of organising the sites officers for Wednesday. He advised that he would send through a copy of the Certificate of Currency for LBM which expires on Wednesday. Lloyd Walker (their insurance co.) is closed for bank holiday today and Trevor also said he would send through a copy of the receipt of payment when the new policy was paid. When queried as to why he was organising more than the allocated four people he said it was just a number and at the meeting it was decided so as not to aggravate people that 6 representatives would undertake the survey. As OzArk have only been authorised to take four people (incl. Rob Clegg) I did attempt to phone Trevor back to advise that he would need authorisation to organise more, left msg to phone back on his mobile.
Little Burning Mountain Aboriginal Corporation	03.08.09	Trevor Robinson ph: 0439 061 293	CB	Trevor phoned to advise that he had organised 5 sites officers for the survey. I said he would need authorisation for the 5th one as we were only authorised to take four, and as we are not paying the invoice it would be best if he authorised this. I also said that the four that we were taking included Robert Clegg so it was necessary that he make the call to advise Rob positions had been filled by other organisations. I also said that it was great that the numbers were organised however we would need to see the Certificate of Currency before anyone could participate. Trevor said he would fax their most recent one to OzArk within the hour (he phoned @ 2.02pm- OzArk mobile 0400 041 999)
Little Burning Mountain Aboriginal Corporation	03.08.09	Trevor Robinson	JB	Trevor faxed through his insurance documents. OzArk note - I am not sure this is the right kind of insurance and we will need to talk with Lloyd Walker (insurer) tomorrow to confirm.

Little Burning Mountain Aboriginal Corporation	03.08.09	Trevor Robinson	JB	Trevor called to note he had 5 reps coming. I asked him if he had confirmed it with Mike Sutherland that the additional number was ok as I was not authorized to up the number. He noted he had spoken to Mike S about additional number but that Mike had advised that TR needed to discuss that issue directly with OzArk who are the consultants running the heritage assessment. I then said that OzArk are only authorised to take 4 fieldworkers and that one position was already filled by the WCE rep. Trevor was very unhappy about that situation and believes that the WCE rep has no right to operate within PH TO boundaries. I noted to Trevor that I was not able to discriminate based on that and that as a registered stakeholder WCE had been offered a position and I didn't think it appropriate that OzArk retract that offer. I noted that if Indigenous community reps / groups have issues with each others rights to speak for country that conversation has to happen directly between them and not through OzArk and that my need as a consultant is to remain impartial and follow the DECC ICCR process and as clearly and transparently as possible. Unfortunately my mobile battery went flat before the conversation ended and although I had noted it may, Trevor did not call back on the OzArk landline as I had advised him to.
Lloyd Walker Insurance Brokers	04.08.09	ph: 6884 9800 Bill Critchley	CB	spoke to Lloyd Walker insurance who advised that the insurance that LBM have covers them for income protection, if they injure themselves, and they are employed, their income will be covered for the period they are off work. Apparently Frances Robinson had been in the other day and it was confirmed that LBM do not earn over \$7,500 p.a. and therefore are not legally required to have a workers compensation policy in any instance!

Little Burning Mountain Aboriginal Corporation	04.08.09	Trevor Robinson ph: 0439 061 293	CB	spoke with Trevor and confirmed that LBM do not earn over \$7,500 which was the reason, apparantly, Lloyd Walker suggested the Personal Income Insurance. I re-iterated to Trevor that we only required three reps and that if he problems with WCE's inclusion he would need to deal with Rob. Trevor was still not very happy with the numbers and suggested, very vaguely, the Community will be speaking with Jodie in relation to this issue.
Little Burning Mountain Aboriginal Corporation	04.08.09	Trevor Robinson ph: 6851 4429 e:'trevor.robinson@environment.nsw.gov.au	CB	Trevor phoned to ask if he could have a copy of the methodology letter as the one he has does not include it. Emailed it through to his work address and advised it had been sent to Ken Robinson on the 7th July. As noted in this log Trevor, as an individual expressing interest in the project, was also sent a copy of this correspondence on the same date.
FIELDWORK MLA				
Little Burning Mountain Aboriginal Corporation	05.08.09	Ken Robinson/Sharni Hando/John Robinson/Anthony wilson		upon arrival @ Tomingley pub Rob Clegg was under verbal attack from members of the Indigenous Community unhappy that WCE had expressed an interest in an area to which they did not belong. Trevor Robinson was present with a video camera to record the incident and demand that Rob Clegg not participate in the survey. Attempting to hold OzArk responsible and reason that we should have told Rob he could not participate Jodie explained our position and indicated that as part of the ICCR process OzArk must remain a neutral party. Subsequent to all the ill will Rob Clegg left and did not participate in the survey. LBM had four reps available.

Wiradjuri Council of Elders	05.08.09	Rob Clegg		
Bogan River Peak Hill Wiradjuri Aboriginal Corporation	12.08.09	Russell Read 0420727449	CB	Phoned Russell to advise that the FW for the ETL was set for Thursday 27th August. Russell advised address details and I said we would send out a letter confirming dates and times which would also include a map. Requested that BRPHWAC send two reps and that they send a letter on their letterhead which acknowledges that they are under the \$7500 threshold for w/comp.
Bogan River Peak Hill Wiradjuri Aboriginal Corporation	13.08.09	Members: Bogan River Peak Hill Wiradjuri Aboriginal Corporation c/- Russell Read, Chairperson 125 Derribong Street Peak Hill NSW 2869	CB	mailed out letter of offer and also a sample letter re: workers comp.
Bogan River Peak Hill Wiradjuri Aboriginal Corporation	17.08.09	Russell Read 0420727449	CB	phoned Russell and advised that the date for FW was now Wednesday 26th (apparently Peak Hill show day). Russell confirmed that he would have two reps available and that he would also complete the letter re: workers comp exemption. Confirmed meeting time & place was still the same
Bogan River Peak Hill Wiradjuri Aboriginal Corporation	21.08.09	Russell Read 0420727449	CB	spoke to Russell to confirm that two reps were coming from BRPHWAC. He queried time and meeting place and said that they would be there @ 8.30am. Russell also confirmed that the paperwork was being handled regarding w/comp letter and that reps would bring this on the day. He said that they did not both have 'sites officers' certificates however I advised that we did not require these, it was often an internal requirement. Russell said the reps had recent experience on a survey associated with a gas line.

			MEETING 28 SEPTEMBER - PEAK HILL AIF HALL 6PM. ATTENDEE LISTED IN MINUTES AS PER CONSULTATION LOG

Dot Stewart	04.10.11	Per Mike Sutherland	email from Mike Sutherland – Jodie, I met with Dot Stewart today and explained what was discussed at the Peak Hill Heritage consultation last week. Dot had some strong views on Gaynor Macdonald's work on the Bogan River Wiradjuri Anthropological Report (Federal Court NG 6001 of 1995) - Claimant and genealogical information. The Stewart family barely rates a mention and yet the Stewart sisters are direct descendents of Michael Mitchell Mickey (born 1851 Tomingley died Montefiores 1925) and Mary Ann Peck (born 1842 in Tomingley died in 1932 in Wellington). Dot told me today that she believes that she will be able to get back the breast plate that Michael Mickey (Labourer, stationhand, occasional boxer) wore. I wildly speculate that if he went by the name Mitchell that perhaps Thomas Mitchell may have used his services when exploring the Bogan and gave him the breast plate. Dot does not have any stories of Bulgandramine or Tomingley as she was raised on the mission in Wellington and stolen to Fairbridge Farm (Molong) where she remained with her sister Diane until the early 1970s. Dot does want to be involved in future archaeological work around TGP because of her strong connection to her ancestors land. Dot has a new mobile number 0435 843 324.'

Ken Robinson	05.10.11	Per Mike Sutherland	'Jodie, I spoke with Ken Robinson last night. He does not want to touch the tree (superstitious?) but was quite relaxed about the bark removal. He does not know anybody who could do the job but thought that Uranai's grave tree (Molong?) was touched up recently. Someone in OEH surely must be able to assist? Cheers Mike'
			21 st October – mailed minutes of meeting to ALL stakeholders, emailed to Trevor Robinson.
			31 st October – mailed pdf version on CD of water pipeline final report site TNWP-OS1 with PAD to all Stakeholders.
