

NSW Planning Environmental Assessment Requirements Compliance Table	
Environmental Assessment Requirement	Section of Modification Report
Based on the information contained in the scoping report, the Department considers that the proposal can be assessed under section 4.55(2) of the <i>Environmental Planning & Assessment Act</i> 1979 provided that the supporting Modification Report demonstrates that the modified development is substantially the same development as that originally approved.	Refer to Section 4.1 .
The Modification Report should include adequate justification for the proposed changes to consent and have regard to the NSW Governments' State Significant Development Guidelines, including Appendix E, Preparing a Modification Report.	Whole of document and Section 7.0 .
Modification Report to include a proportionate assessment of all relevant matters under the EP&A Act, with particular attention to:	Refer to Section 6.0 .
Biodiversity;	Refer to Section 6.9 and Appendix N .
Aboriginal heritage;	Refer to Section 6.10 and Appendix O .
Noise and vibration;	Refer to Section 6.1 and Appendix F (noise) and Section 6.2 and Appendix G (blasting vibration).
Blasting;	Refer to Section 6.2 and Appendix G .
Air quality;	Refer to Section 6.3 and H .
Water resources – including groundwater impacts associated with the expansion of the extraction area;	Refer to Section 6.5 and Appendix J surface water) and Section 6.6 and Appendix K (groundwater).
Visual amenity; and	Refer to Section 6.7 and Appendix L .
Rehabilitation and final landform.	Refer to Section 6.8 and Appendix M .
The Modification Report must include a BDAR or sufficient evidence to demonstrate that the proposed modification would result in no additional impacts to biodiversity values.	Refer to Section 6.9 and Appendix N .
The Department recommends consultation with, but not limited to, MidCoast Council, CPHR, Heritage NSW, DCCEE Water Group and NSW Environmental Protection Authority.	Refer to Section 5.0 and Appendix P .
If your proposal is likely to have a significant impact on Matters of National Environmental Significance, it will require an approval under the Commonwealth EPBC Act 1999. This approval would be in addition to any approvals required under NSW legislation and it is the Applicant's responsibility to contact the Commonwealth Department of Climate Change, Energy the Environment and Water to determine if an approval under the EPBC Act is required.	Refer to Section 4.5.1 .
