## SENIOR CIVIL ENGINEER/PROJECT MANAGER

### QUALIFICATIONS

Bachelor of Engineering (Civil) Hons.  
MIE Aust  
Bachelor of Surveying (Hons).

### PROFESSIONAL MEMBERSHIP

Member of Institute of Engineers  
Australia (MIE Aust)

### Employment Experience:

Ian is a Senior Civil Engineer with over 15 years' experience in a wide variety of civil engineering projects. He has extensive experience in the design, construction supervision and project management services associated with land development and civil infrastructure projects.

Ian is a dependable and technically astute practitioner who specialises in civil road infrastructure projects for Councils and TfNSW. These projects range from road rehabilitation/widening, unsignalised urban and rural intersections, through to multi-lane signalised intersections. He is responsible for managing these projects from strategic, concept and detailed design approvals, through to tender, construction and practical completion.

He is also proficient in the role of Superintendent/Principal's Representative on numerous bulk earthworks, large scale residential subdivisions and TfNSW roadworks/intersection projects. With his extensive design and construction experience, Ian is able to solve construction issues practically, and efficiently, to ensure delivery of construction programs in a timely and cost-effective manner.

In his role with ADW Johnson, Ian has established quality relationships with TfNSW personnel. He is able to apply his strong knowledge of the TfNSW Works Authorisation Deed (WAD) process to guide developers in obtaining design and construction approvals. In addition, Ian undertakes the role of TfNSW Project Verifier on developer funded works required by the WAD.

Ian's experience and expertise, along with his strong technical skills, position him perfectly to support his clients across all aspects of a project. His focus on achieving the best outcome for his clients makes him a valuable addition to any project.

### Professional Focus:

- Management of the design and approval of road infrastructure projects;
- Management of the design and approval of developer funded works through the TfNSW WAD;
- Technical oversight of design documentation;
- Superintendent/Principal's Representative services;
- TfNSW Project Verification.

### Project Examples:

The following is a list of some projects that Ian has been involved in:

- Kanangra Drive, Gwandalan – Project Management of TfNSW WAD approval for TCS intersection.
- Pacific Highway, Catherine Hill Bay – Project Management, Concept and Detailed Design of TfNSW WAD approval for seagull intersection.
- Minogue Crescent, Glebe – Project Management, Concept and Detailed Design of TfNSW WAD approval for TCS intersection.
- Tomago Road, Tomago – Concept, Detailed Design and Superintendent of TfNSW signalised intersection.
- Central Coast Highway, Erina – TfNSW Project Verifier.
- Richardson Road, Raymond Terrace – TfNSW Project Verifier.
- Main Road, Kurri Kurri – TfNSW Project Verifier.
- Jordan Springs Stages 3B, 4A, 4B & 5A – Project Management of 300 Lot residential subdivision.
- Elizabeth Point Stages 1-5, Hoxton Park – Project Management of 250 Lot residential subdivision.
- Outlook Estate Stages 4-8, Fletcher – Design, Project Management and Superintendent of 400 Lot residential subdivision.
