

6 November 2020

Mr Rob Stokes
Minister for Planning and Public Spaces
Planning & Infrastructure
GPO Box 39
Sydney NSW 2001

Attention: Dominic Crinnion/Benjamin Cox

Package 2 CEMP – water and wastewater related services for West Dapto Urban Release Areas of Kembra Grange, Sheaffes/Wongawilli and West Horsley (MP09_0189)

Dear Mr Stokes

Please find a CEMP attached, to satisfy the requirements of Minister's Condition of Approval (MCoA) E5 of the Project Approval (MP09_0189) for Package 2 Works.

As per the requirements of MCoA E5, Sydney Water is seeking the Department's approval. Site establishment and construction activities are anticipated to start early January 2021. As well as the general requirements in MCoA E5, the CEMP also addresses the requirements of MCoA E6.

An archaeological assessment has been completed in accordance with the MCoA C36. The draft archaeological report was provided to the Registered Aboriginal Parties for review. Following this, it has been submitted to Heritage NSW for review. The archaeological report does not recommend further archaeological excavation. The report will be submitted to DPIE following its review by Heritage NSW.

The CEMP will be revised and re-submitted for approval as needed.

If you require any additional information or have any questions related to the attached please don't hesitate to contact me, sharon.markut@sydneywater.com.au or 0447 858 064.

Yours sincerely,

Sharon Markut
Sydney Water
