Feedback Form

UTS Thomas Street Building

Tell us your view

The University of Technology Sydney would like to share its vision with you and wants your feedback on the UTS Thomas Street Building. Please provide your comments below and return to one of the project team or send to feedback@utsmasterplan.com.au or fax to 9955 5901.

UTS Thomas St, UTS Broadway, Central Park and all new buildings should make provision to link up above-ground access routes. From Jones St a level path should cross above Harris St to the old goods-train line. The Thomas St building should have links to this path. From Jones St it should continue level through UTS Broadway, over Broadway into Fraziers, and over Abercrombie St to USyd, above UTS Blackfriars.

Share the vision & make provision: avoid the cost of later revision.

The Thomas Street Building Environmental Assessment Report is now on public exhibition for 30 days until the 19 March 2012. UTS encourages you to review the plans and make a formal submission to the Department of Planning and Infrastructure. This can be done through the Department's website http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=3712.

For more information please call the Community Information Line on 1800 252 040 Monday to Friday during business hours or visit the project website <http://utsmasterplan.com.au/thomas-street-building>. We look forward to your feedback on this exciting project.
