Subject: Badgerys Creek Quarry and Brick Project (MP10_0014) Update Staging Plan

Dear Ms Arancibia,

I refer to your submission requesting an amendment to the staging of the management plans for the project.

Please be advised there is no need to update the staging of management plans, as construction is an approved activity within Phase 1.

If you wish to discuss the matter further, please contact me by email carl.dumpleton@planning.nsw.gov.au.

Yours sincerely

Carl Dumpleton

Team Leader – Resource Assessments

As nominee of the Planning Secretary
