2018.

APPLICATION No 10_0054 MOD 4

CLAIRE THOMPSON
1/65 HOOD ST.
COFFS HARBOR NSW 2450

Dear Men & Women of the Planning & Environment Dept,
When I first received this letter, I just threw it in the bin,
thinking 'what's the point?, the decisions already been made
by vested interests higher up anyway'...

Department of Planning
Received
17 DEC 2018
Scanning Room

But then I thought:
'No, add your voice...'

So I want to quote from an old American Indian Chief...

'When the last tree has been cut down,
'When the last river has been polluted,
Only then will men realise that you can't eat money'

Yours Sincerely,
Claire Thompson

P.S... No I haven't made any reportable political donations in the
last 2 years....
