7th June 2011

Meriton Apartments P/L

Level 11,528 Kent Street
Sydney NSW 2000

Our reference: 1744

Report- Tree Management:

132-138 Killeaton Street
St Ives 2075

The property was inspected on the 20th May & 1st June 2011 in regards to proposed driveway entry point and the potential for impacts upon site trees identified for retention as numbers 79-109 (Brush Box).

An existing sealed roadway runs adjacent to these trees which currently provides protection of any roots that may be present beneath and fencing protection measures are in place. These protection measures are acceptable but as a further precautionary measure to enable use of the proposed entry point further ground protection should be introduced as identified within our report dated 8th July 2010 appendix D page 22.

These measures are considered sufficient to enable use of the existing driveway and to ensure that the trees remain stable and viable. If you should require further information please contact me on 0418277379
