

[illegible]

This architectural elevation drawing illustrates the proposed parade pavilion and its relationship to existing site elements. The drawing is oriented vertically, with the sky at the top and the ground at the bottom. Key features include:

- Proposed Parade Pavilion:** A large, modern structure with a prominent, angled roofline and a facade of vertical wooden slats. It is labeled "Proposed Parade Pavilion" with a height of "H. + 25.00".
- Existing Officials Building:** A multi-story building with a grid-like facade, labeled "EXISTING OFFICIALS BUILDING".
- Existing Day Spa:** A building with a gabled roof and large windows, labeled "EXISTING DAY SPA".
- Parade Ring:** A circular area with a wooden deck and railing, labeled "PARADE RING".
- Amendments Building:** A building with a flat roof and large windows, labeled "AMENDMENTS BUILDING".
- Top Parade Ring:** A circular area with a wooden deck and railing, labeled "Top Parade Ring" with a height of "H. + 25.00".
- Bottom Parade Ring:** A circular area with a wooden deck and railing, labeled "Bottom Parade Ring" with a height of "H. + 20.00".
- Existing Trees:** Several large, mature trees are shown, including one labeled "EXISTING TREE".
- Existing Day Spa:** A building with a gabled roof and large windows, labeled "EXISTING DAY SPA".
