OBJECTION

At its meeting on 8 November 2010 the Moverly Precinct Committee resolved to place an objection to the racecourse development proposal

Further to this we submit that the AJC should adhere to the recommendations in its own 1998 Conservation Management Plan. The Precinct is also particularly concerned that the Tea house, the Members' stand and the Queen's stand should not be altered or demolished. We also submit that Council should seek advice from the National Trust and follow this advice.

Yours sincerely

Secretary, Moverly Precinct Committee
