Subject: Environmental Management Plans for Shoalhaven Starches Gas Pipeline (10_0108)

Dear Mr Studdert

I refer to your recent correspondence regarding the Shoalhaven Starches Gas Pipeline (10_0108). I understand you are seeking the Planning Secretary's approval of the project's Watercourse Crossing Construction Method Statements (WCCMSs) and Soil and Water Management Plan (SWMP), pursuant to Schedule 3, conditions 17 and 18 of the approval.

The Department of Planning and Environment (the Department) has reviewed the submitted documents and concludes they adequately address the requirements of the aforementioned conditions. Accordingly, I approve the following documents:

- Schedule 3, condition 17:
 - Abernethys Creek Crossing Work Method Statement (Rev A, 25 February 2022)
 - Creek/Waterway Crossing Work Method Statement (Rev A, 7 February 2022)
- Schedule 3, condition 18:
 - Soil and Water Management Plan (Rev 1, 24 March 2022).

You are reminded that if there is any inconsistency between the approved documents and the conditions of approval, then the conditions of approval prevail to the extent of the inconsistency. You are also reminded that the WCCMSs and the SWMP will need to form part of any Construction Environmental Management Plan submitted under Schedule 4, condition 1 of the approval.

If you wish to discuss the matter further, please contact Thomas Bertwistle on (02) 8275 1025 or via email at thomas.bertwistle@planning.nsw.gov.au.

Yours sincerely

Patrick Copas
