Maules Creek Coal – BTM Water Management Strategy

Dear Ms

Thank you for submitting the BTM Water Management Strategy submitted in accordance with Condition 40, Schedule 3 of the consent for the Maules Creek Coal (MP10_0138).

I also acknowledge The Departments letter on the 13 January 2026 approving the revised strategy on the updated figures, a new surface water monitoring point and minor referencing and formatting changes

The Department has carefully reviewed the document and is satisfied that it is consistent with the approval.

Accordingly, as nominee of the Planning Secretary, I approve the Maules Creek Coal BTM Water Management Strategy (Version I, 25 June 2026).

You are reminded that if there are any inconsistencies between the Strategy and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at your earliest convenience.

If you wish to discuss the matter further, please contact Charissa Pillay on 02 99955944.

Yours sincerely
