Maules Creek Coal – Water Management Plan (WMP)

Dear Ms. Bukeley

Thank you for submitting the Water Management Plan in accordance with Condition 40, Schedule 3 of the consent for the Maules Creek Coal (MP10_0138).

I note that the Water Management Plan was revised to address the changes requested by the Federal Department of Climate Change, Energy, the Environment and Water (DCCEEW). DCCEEW approved the Maules Creek Coal Mine Water Management Plan, Issue 3.2, dated December 2025, on 19 January 2026. The WMP contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the revised WMP (Rev 3.2, December 2025).

You are reminded that if there are any inconsistencies between the Plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Charissa Pillay on 02 99955944.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments
As nominee of the Planning Secretary
