Dear Mr Rust

Subject: Exhibition of Central Coast Cancer Centre (MP10_0173)

The exhibition of the Environmental Assessment for the above project ended on Tuesday 4 January 2011. All submissions received by the Department during the exhibition of the project are available on the Department's website at the following location:

http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=4273

In accordance with section 75H of the *Environmental Planning and Assessment Act 1979*, the Director-General requires Health Infrastructure to respond to the issues raised in these submissions in a Submissions Report.

If there are any proposed changes to the project to minimise its environmental impact, a Preferred Project Report may be required. The Statement of Commitments may need to be revised to reflect any proposed changes to the project.

The Department has also reviewed the EA and, in addition to addressing the points raised within submissions received by the Department during exhibition, it is requested that you provide further clarification on the proposed car parking arrangements and impacts associated with the development of the proposed five new car parks. Further, the submitted Traffic and Transport Report, prepared by SKM, dated 16 November 2010, details different figures for the total number of new car parking spaces to be provided, which will require clarification.

Your contact officer for this proposal, Peter McManus, can be contacted on (02) 9228 6316 or via email at peter.mcmanus@planning.nsw.gov.au. Please mark all correspondence regarding the proposal to the attention of the contact officer.

Yours sincerely,

Daniel Cavallo
