50 Berry Street
NORTH SYDNEY NSW 2060

Attn: Mr Stephen Janson

**Re: Utility Infrastructure
Graythwaite Rehabilitation Ryde Hospital**

I wish to advise we have completed investigations into the utility infrastructure for hydraulic services for the above mentioned and note the following:

- Sydney Water have responded to our query in the form of a section 73 feasibility letter which outlines the methodology for our sewer and potable water connections.
- Jemena Gas Networks have responded to our query in the form of a mains diagram indicating the size and location of the gas main we are to connect to.

Formal applications will be made to both authorities during the design development phase of the project. I trust the above contains sufficient information, however should you feel you require further information please don't hesitate in contacting me.

Regards
SPP Group

Paul Murray
Associate Hydraulic Services Engineer
