Attention: Director-Regional Assessments

I am writing to inform you that I approve of this development please approve this ASAP.  
It would be great to have a shop close by this is why I support this.  
Also can you please allow stack stone to be allowed on all buildings.  
Please allow dogs in cathine hill bay at the moment there are more dogs there then I seen in any suburb.  
Thanks for allowing glass panels for use on balcony's.  
I do not give any money to any politicians.
