Subject: Re Wollongong Hospital Redevelopment

Re Wollongong Hospital Redevelopment
Application No: 10_0213

Name: Karina and Peter Murray
Address: 21 Northcote Street, Wollongong NSW 2500

We would like to lodge our objection to the project.

Our concern relates to the inadequacy of parking.

The current hospital already lacks appropriate parking, leading to the nearby streets being clogged with cars and pedestrians.

Many of the nearby affected streets do not have footpaths which, combined with the number of cars parked in narrow streets, leads to pedestrians walking on the streets.

Any addition made to the hospital, particularly of this size and scope, needs to make more provision for adequate parking.

Please respond at your convenience.

Karina & Peter Murray
