Message

Tarrawonga Coal Mine submits this Addendum to the Water Management Plan to describe an operational protocol for the use of evaporative fans to assist in mine water management. The addendum also contains an updated water management system schematic and water balance to align with the use of the fans during periods of higher rainfall. This change does not affect any other aspect of the approved Water Management Plan.

Attached to this submission is a confidential letter of advice regarding the operation of the evaporator fans and Tarrawonga Coal Mine's project approval PA11_0047.
