ADVICE RESPONSE: Gillenbah Battery Energy Storage System

Stage: Secretary's Environmental Assessment Requirements

Development Application: SSD-104186459

Dear Rachael

I refer to your correspondence dated 20 January 2026 inviting the Department of Primary Industries and Regional Development - NSW Resources to review the Secretary's Environmental Assessment Requirements supplied and provide comments on Gillenbah Battery Energy Storage System (the Project), submitted to Department of Planning, Housing and Infrastructure by Gillenbah BESS Development Pty Ltd (the Proponent).

NSW Resources has reviewed the information supplied in relation to the Project and based on the review has no specific comments in relation to *Mining Act 1992* considerations and raises no issues regarding the Project at this stage.

NSW Resources has no additional requirements to those in the draft SEARs and advises the Proponent to actively monitor the MinView map viewer at <https://minview.geoscience.nsw.gov.au> for mining title changes that may interact with this Project.

For further information contact Pamela Gould, GIS & Coordination Officer on 02 4063 6860 or mining.concierge@dpird.nsw.gov.au.

Sincerely

Scott Anson
