Advice uploaded via the Major Project portal

Dear Mr Zhang

Response to Submissions – ESR Horsley Logistics Park (SSD 10436)

Thank you for your email on 17 November 2020 requesting advice from Heritage NSW on the Response to Submissions (RTS) for the ESR Horsley Logistics Park.

We have reviewed the RTS prepared by Urbis, dated November 2020, and provide the following comments:

We note section 4.1.6 of the RTS outlines that our comments on the EIS, dated 28 August 2020, can be addressed through implementation of suitable conditions of consent. Table 5.2 provides updated mitigation measures but have not included any additional measures related specifically to managing Aboriginal objects if they are uncovered during works.

Despite previous site disturbance, we continue to recommend additional measures be included to ensure that if any Aboriginal objects were to be uncovered that these objects are appropriately recorded and managed. We recommend these measures could be managed through the preparation of an unexpected finds procedure.

If you have any questions regarding the above advice please contact me on (02) 6229 7089 or via email at jackie.taylor@environment.nsw.gov.au.

Yours sincerely

Jackie Taylor
