Dear Mr. Jennejohn,

**SSD-10416 Powerhouse Parramatta – Advice on addendum documents**

Thank you for your correspondence via Major Project portal (ref: PAE-11290759) on 19 November 2020, requesting Transport for NSW (TfNSW) to review the subject matter.

The addendum documents confirmed that St George's Terrace would be retained and adaptively reused as part of the subject development. The Additional Transport Advice, dated 20 October 2020 as prepared by JMT Consulting, concluded that the retention of St George's Terrace would not change proposed arrangements for loading, servicing, and pedestrian access. On this note, no comment is raised to the addendum documents.

Our submission (CD20/08071) is still valid in the context of our review of the Response to Submissions for the subject development.

Thank you again for the opportunity of providing advice for the above development application. If you require any further information, please don't hesitate to contact Billy Yung, Senior Transport Planner, via email at [billy.yung@transport.nsw.gov.au](mailto:billy.yung@transport.nsw.gov.au). I hope this has been of assistance.

Yours sincerely

24/11/2020
