Subject: Baiada Integrated Poultry Processing Facility – Modification 6 Wastewater Treatment Plant Changes (SSD-9394) Modification Report

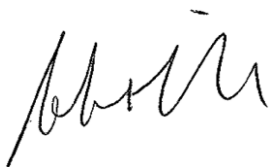

Dear Pamela Morales,

I refer to your request for advice sent on 23 April 2026 to the NSW Department of Climate Change, Energy, the Environment and Water (DCCEEW) Water Group about the above matter.

NSW DCCEEW Water Group has reviewed the Modification Report and notes the proposed staging of water use and wastewater treatment. DCCEEW Water recommends continued consultation with Council to ensure water availability and wastewater disposal agreements are in place and any supply or infrastructure issues are identified and resolved to minimise risk to the project.

Should you have any further queries in relation to this submission please do not hesitate to contact the Water Assessments team at water.assessments@dcceew.nsw.gov.au.

Yours sincerely

Rob Brownbill,
Manager, Water Assessments, Planning & Knowledge Division
NSW Department of Climate Change, Energy, the Environment and Water
