Dear Mr Canon

SSD-10452 – Stubbo Solar Farm – EIS

Thank you for your email dated 18 December 2020 seeking WaterNSW's comment on the Environmental Impact Statement (EIS) for the Stubbo Solar Farm.

WaterNSW has reviewed the EIS and determined that the proposal should not impact on our assets, being Lake Burrendong or the quality of water flowing into the system. It is considered that the mitigation measures outlined within the EIS will manage the project impacts adequately, including impacts to soil and water.

WaterNSW requests the Department continues to consult with WaterNSW for any development that may impact on our assets, infrastructure or land, using the email address Environmental.Assessments@watnsw.com.au

If you have any questions regarding this letter, please contact WaterNSW's Ms Justine Clarke at justine.clarke@watnsw.com.au.

Yours sincerely
